

## STV Group, Incorporated Acquires Florida-based MEHTA and Associates, Inc.

May 9, 2024

STV Group, Incorporated, a leading professional services firm that plans, designs and manages infrastructure projects across North America, today announced it has acquired MEHTA and Associates, Inc. (also known as MEHTA Engineering), an engineering and construction engineering inspection firm which has more than 75 professionals in Florida and has completed nearly 1,000 infrastructure projects over the past 50 years.

MEHTA will now be known as MEHTA Engineering, an STV Company.

"We couldn't be more excited about the reputation and deep client relationships MEHTA brings to STV," said Greg Kelly, P.E., CEO at STV. "As we continue to expand in this rapidly growing region, we look forward to deepening our client relationships in Florida, scaling up our services and investing in the MEHTA team to create more career opportunities for our newest colleagues."

This acquisition better positions STV to support future growth and economic development across the state of Florida.

"After nearly 50 years of service, we've achieved great success and helped build some incredible projects that have supported the transportation needs of millions of people throughout Florida," said MEHTA executive leadership Ravé Mehta, P.E., Vipin Mehta, P.E. and Radha Mehta in a joint statement. "STV is a great cultural fit for MEHTA and will allow us to continue to grow our business and develop our people while continuing to make our communities better for the people of Florida."
