

VDA WELCOMES GUNN CONSULTANTS TO THE TEAM

July 09, 2024

VDA is excited to announce that GUNN Consultants has joined the VDA family of companies.

GUNN Consultants was founded in 1983 as an engineering consulting firm specializing in elevators, escalators, moving walks, and other methods of vertical transportation. They were the first elevator consulting firm in Western Canada. Mr. Eric Peterson is the President and CEO of GUNN Consultants, headquartered in Vancouver, British Columbia, Canada, with offices in Calgary and Toronto.

VDA and GUNN Consultants are industry leaders in their respective territories. This partnership expands each company's market reach throughout North America and provides clients with best-in-class service offerings without infringement of borders. Combined, the companies have the best people and technology in the industry. Both companies benefit from enhanced capabilities, market expansion, and shared resources. GUNN Consultants will continue to operate under the leadership of Mr. Peterson.

"I am delighted that Gunn has joined the VDA family of businesses, enabling us to accelerate our growth strategy. Gunn's geographic presence in Canada and industry-leading team of Vertical Transportation Professionals complements VDA's strength in the US market and allows us to better serve our collective client base," says VDA's CEO, Gavin Campbell.

GUNN Consultants' President says, "I am thrilled about our decision at GUNN to join the VDA family. Our shared corporate values, passionate teams and combined resources will enable us to deliver "best in class" service to clients across Canada and throughout North America."
