

RA Consultants has joined Gonzalez Companies

August 02, 2024

We are excited to announce that RA Consultants, a Cincinnati, Ohio-based firm, is now officially part of the Gonzalez Companies team!

RA Consultants is an infrastructure engineering and construction management consulting firm specializing in water and wastewater projects. Their dedicated team of engineers, designers, surveyors, and professional construction inspectors has been helping their respective clients solve their most complex challenges since 2004. They have offices and team members in Cincinnati, OH, Dayton, OH, and Louisville, KY.

The move to bring RA Consultants into Gonzalez further enhances our capabilities and expands our reach within the Ohio and Kentucky markets, allowing us to better serve our clients. RA Consultants is renowned for excellence in infrastructure services. By integrating their expertise with Gonzalez and the Trilon Group's vast resources, we will deliver even greater value and quality to our shared clients.

"We are delighted to welcome RA Consultants to the Gonzalez family," said Barry Grant, President of Gonzalez Companies. "This acquisition aligns with our mission to provide unparalleled service and expertise to our combined clients and offers additional growth opportunities for their existing staff. Their dedicated team of professionals, coupled with their company culture and stellar reputation, has positioned us well for the future."
