J-U-B Engineers Acquires Sage Civil Engineering

Natick, MA (November 18, 2024) – J-U-B Engineers acquired Sage Civil Engineering, a firm serving public and private clients throughout the Rocky Mountain region. Known for its expertise in water rights, surveying, GIS, and infrastructure projects, Sage brings experience in irrigation systems, stream restoration, and airport design.

Sage’s strong local relationships and reputation will enhance J-U-B’s ability to provide tailored solutions. Sage’s background in transportation and water infrastructure will further expand J-U-B’s services offered to clients across Western Wyoming and beyond.

“This acquisition strengthens our footprint and expands our local presence in Wyoming,” said Brian Smith, CEO of J-U-B. “Wyoming values firms rooted in the state, and our new Cody office demonstrates our continued commitment to the region while enabling us to pursue additional opportunities to support local communities.”

Morrissey Goodale, a specialized management consulting and research firm exclusively serving the architecture, engineering, and environmental consulting industries, advised J-U-B Engineers in the transaction.
