**Green International Affiliates Joins Lochner**

Natick, MA (February 10, 2025) – Green International Affiliates, Inc. (“Green”), a surface transportation, water resources, and civil/site engineering firm, joined Lochner, an infrastructure services firm serving aviation, surface transportation, and water clients.

Founded in 1954 and headquartered in Tewksbury, Massachusetts, Green has seven decades of experience serving municipalities, regional authorities, state Departments of Transportation, federal agencies, and private sector clients.

“We warmly welcome our new colleagues to the Lochner family,” said Board Chair and Chief Executive Officer, Terry Ruhl. “Green’s structural, transportation, water resources, civil/site engineering, and multidisciplinary engineering support services are complementary and additive to Lochner’s Connecticut and Rhode Island portfolios. Our goal, under the leadership of Green’s President and Chief Executive Officer, Ko Ishikura, PE, is to expand the transportation business in New England and incubate a water and municipal services portfolio in the Northeast Region, while upholding our commitment to delivery excellence for our collective clients.”

Added Mr. Ishikura, “I am incredibly proud of what our dedicated team of professionals has built at Green and excited to join forces with Lochner to extend our legacy. Partnering with Lochner strengthens our ability to deliver exceptional infrastructure solutions for our clients, creates new career growth opportunities for our team, and provides long-term stability and success for our organization.”

Morrissey Goodale, a specialized management consulting and research firm exclusively serving the architecture, engineering, and environmental consulting industries, initiated the transaction and advised Green.

## About Morrissey Goodale:

Morrissey Goodale has helped hundreds of clients transform and grow their architecture, engineering, and environmental consulting companies into high-level performers through strategic business planning, mergers and acquisition advisory, valuation and ownership transition, market research, marketing and business development, leadership training and development, Lean Operation Strategies, organizational development and management, virtual reality solutions, and executive search.

Morrissey Goodale's team of M&A consultants assist throughout the M&A process, from preparing firms for a transaction to a successful integration.

Morrissey Goodale's extensive network of relationships with AE industry decision-makers around the globe uniquely qualifies the firm to identify the right buyers or sellers and guide AE firms through the complex merger or acquisition process, from conception to close.
